## Mensch, Raum und

Since 2008 there is an annual Symposium of the research focus group PerceptionLab in October at the Detmolder Schule für Architektur und Innenarchitektur. Under the heading Mensch, Raum und external specialists from different disciplines deal with the main subject of the year, always focusing perception.?

In addition to the presentations the symposium is also a platform for stimulation talks, discussions and networking. The PerceptionLab gives an insight into their field of action and competences for companies, scientists, students and other professionals.

**Fix the date: The next symposium "Mensch, Raum und Licht" will be on the 19th of October 2012**
